

Muhammad Ali

Web Developer

✉ muhammadalih138@gmail.com ☎ +92 3001269777 🔗 www.linkedin.com/in/muhammadalih138

With over a year of web development experience, I excel in HTML, CSS, Bootstrap, Tailwind CSS, JavaScript, PHP, MySQL, and WordPress specializing in creating user-friendly websites, applications, and digital advertisements. My skills align with the requirements of the role, which include proficiency in PHP, and a strong grasp of web technologies. I'm a collaborative team player, actively contributing to development, testing, and troubleshooting tasks.

Experience

- Rsoft Technologies Pvt Ltd** 2023

I worked as a full-stack web developer from January 2023 to August 2023, specializing in frontend technologies such as HTML5, CSS, JavaScript, and Bootstrap 5. On the backend, I utilized PHP and MySQL to build robust and dynamic web applications, ensuring seamless functionality and a user-friendly experience.
- Freelance Full-Stack Web Developer** present

Since August 2023, I've been freelancing as a Full Stack Web Developer, engaging in local projects sourced from platforms like Facebook, Instagram, and within my local community network. Specializing in HTML5, CSS, JavaScript, Bootstrap 5, PHP, and MySQL, I consistently deliver dynamic and tailored web solutions. My commitment to client satisfaction and proficiency in a range of technologies make me a reliable choice for building customized and responsive web applications.

Education

- High School** 2020
 - Pre-Engineering from C&S Govn Degree College Shikarpur
- University** 2026
 - Bachelor of Computer Science
 - Shah Abdul Latif University 2021 - 2026 (Undergraduate)

Certificates

- Web Development**
 - In 2019, I successfully completed a Website Development course at IBA Sukkur University, acquiring expertise in HTML, CSS, Bootstrap, PHP, and MySQL. This comprehensive program equipped me with the skills necessary for proficient web development. As a testament to my achievement, I was awarded a certificate upon the successful conclusion of the course.
- DIT**
 - I successfully completed the one-year IT diploma with TTB Board, acquiring comprehensive knowledge and skills for confident navigation in the dynamic IT industry.

Skills

- HTML 5
- CSS
- JAVASCRIPT
- BOOTSTRAP 5
- PHP
- MYSQL
